3rd VLB Africa Brewing Seminar Online, 17 to 21 August 2026

About the Seminar

The second VLB African Brewing Seminar online (ABS) is aimed at operations and quality employees of African breweries. Five days of interesting topics, covering the entire brewing process. Classes will be conducted online and live (not pre-recorded) by VLB teachers and renowned invited specialists.

The seminar will be held in **English from 8:30 am to 4:30 pm (UTC + 1)**. The price is **250,00 €** per participant.

About Us

The Versuchs- und Lehranstalt für Brauerei in Berlin (Research and Teaching Institute for Brewing in Berlin), VLB, is a German institute focusing on beer brewing and beverage production. It was founded in 1883. Today around 135 people work at VLB in the fields of research, teaching, service and provision of information for the brewing, malting and beverage sectors and their supply industries. Customers from all around the world take advantage of our training courses and of our broad experience in the fields of analyses and consulting.
